Joelle,
Doug Nielsen, Duchesne County Road Dept. left me a voice mail 10/9/98 0944 regarding our letter to Robert Fausett for his new SMO. Doug wanted to clarify that the material Bob will be using is the same material they (Duchesne County) are mining. It's not waste, its the same material. He just wanted to clarify that. Please add a note in the data base and I'll send a copy of this message to the file. Thank you.
